**Registration is ESSENTIAL! Limited places & building security mean we must supply an advance attendance list. Please avoid the embarrassment of being denied entry!**

To legally home educate in NZ, a parent/guardian must obtain a "Certificate of Exemption from Enrolment at a Registered School" for each child. This is not available or required before the child's 6<sup>th</sup> birthday.

This Forum aims to clarify a process which can cause some anxious moments! Be guided through the application by the staff that deal with them so that you can write yours with confidence or help others to prepare theirs. Support groups may wish to consider sending a representative or two to be up-to-date with the current Ministry approach.

Obviously, staff will be unable to go through individual draft applications but it's certainly an opportunity to ask questions.

**Exemptions for primary, secondary and special needs will be covered.**

Remember! The Ministry staff are not responsible for the government's imposition of this legal requirement. This is not an appropriate time to question that issue. Nor is it the place to discuss your personal educational experiences, or espouse your philosophy of education.
